

## Poker Run Rules

1. This is not a race, there is no prizes given to the person(s) who makes it the last stop first. It is based on the best hand of poker.
2. Be courteous to all participants, and others that are on the road. You must obey all posted and non posted laws. Car Shows for Charity, all sponsors and all property owners are not held liable for any thing that you do during the entire event. You are participating in this event at your own risk.
3. Please remember that each of these stops are on Private property and it is a privilege for Car Shows for Charity and it's participants to be allowed to use the properties. Please make sure that you are considerate.
4. This event is designed to be a nice cruise for everyone, please make sure that you have that in mind and treat others better than you would want to be treated. **(Burn outs = flying debris which = stone chips in paint and cracked windshields)!**
5. At each stop you will be given one card by the dealer, if you have that card already on your score sheet you will draw another card.
6. At Stop #6 you will be able to exchange any card with the dealer for an additional donation of \$10 or a New Unwrapped Toy.
7. In the event that there is a tie you will draw one additional card and the high card will win.

Thank you for all your support of the Toys for Tots, Joshua House and Car Shows for Charity.

Have fun and enjoy the event.
